

Spring 2001

We're happy to announce that our special introductory offer for the century 6500 window series (20% off the window, up to \$100.00 each. Orders were to be in by 3/30/01, delivered by 5/30/01) was extremely well received and benefited by many! All good things come to an end! This offer expired on Friday March 30<sup>th</sup>! Thanks for your interest and participation! The century 6500 window is promising to be a dynamite seller! Make certain you get your share.

Our new price list books have been distributed to all. If you have any questions or would like additional copies please call. Please use them for your small quantity pricing.

Response to our new quote format has been very positive, don't hesitate calling if you have any additional suggestions.

We now have an extruded "strap anchor" setup offering another system for securing our 31/4" depth windows in openings.

A door "stop" option has been added to the restrictor bar on the #500 terrace door. Door sill thresholds are also an option.

Now that we have the narrow sightline legend series we will no longer offer the 2500 narrow sightline mullion setup.

All of **Champion's** products are available through our website and on CD for CAD usage.

We are in the final design stage of being able to produce the century 6500 window series with

"dual glaze" sash. This system is very popular with schools. We'll keep you posted as we progress.

New York State has a special energy conservation offer for windows meeting a u-value of 0.55 performance level (we meet this w/low-e and argon glass). They will pay 41/2% of the interest on loans for window projects. Have your interested customers call Mr. Ed Tristram (the expert in this field) for more information: 212-979-8720.
